

Caring and Professional Education Services for International Students in the UK

About UK2Learn

We bring together a mix of language learning, culture, active English classes, and enrichment and sporting activities to engage the interests and abilities of every student.

We provide an engaging learning environment for students, parents, teachers and group leaders to participate in. We have an experienced team of creative, resourceful teachers and links with some of the most outstanding schools in the UK.

UK2Learn provides a truly unforgettable learning experience and we look forward to welcoming you soon.

Suzie Mackie
Director
UK2Learn

UK2learn's Easter and Summer programmes also attract many English students. While our International students learn English our English students learn a foreign language. We have found that by welcoming English students onto the programme the learning experience is enhanced for everyone.

At the end of the course we host a certificate ceremony attended by students, parents, teachers and the UK2learn team where students showcase their achievements and share their experiences gained on the course. Every student receives a certificate and medals are awarded to outstanding students.

Our Venues

Our Easter programme is held in a state-of-the-art boarding school set within 22 acres of the rural Wiltshire countryside, 1.5 hours from central London.

Our Summer programme is held at a beautiful boarding school in Wokingham located in the picturesque Berkshire countryside, 1 hour from central London.

UK Tours

Before the start of both the Easter and Summer programme UK2Learn runs an action packed sightseeing tour of the UK. All of UK2Learn's tours will take you to some of the most popular sights and attractions across the UK, whether it be exciting cities or picturesque countryside UK2Learn has a destination to suit everyone.

Accommodation on the tour will be 3* or higher, hostels or hotels. UK2Learn uses spacious and comfortable coaches or minibuses depending on numbers.

Accompanying Adults and Parents

UK2Learn is aware that parents are often keen to share the learning journey with their children. Therefore UK2Learn has created a programme especially for the accompanying adults and parents. This programme runs concurrently to the students' Easter and Summer programme, and provides an opportunity to learn English language skills alongside various other fascinating classes.

Parents may join the students on excursions allowing them to enjoy leisure time together and share the experience of seeing some of Britain's finest attractions.

Immersion Programmes

Students on UK2Learn's Immersion Programmes attend a British day school or boarding school and join in with the everyday school life of a British student.

One of the best ways to learn a language is to be surrounded by it, both while studying and socialising. UK2Learn's Immersion programme ensures that students use the English language both inside and outside the classroom. This way students make rapid progress by practising their English skills all day, every day.

Whether you are an individual or a group looking for a two week taster, a full year, or anything in between, the duration of UK2Learn's Immersion programmes can be tailored to fit your schedule and group size.

WE ALSO OFFER:

- Teacher Training
- Business Training
- Tailor Made and Bespoke Programmes
- Home Tuition
- Placement service for boarding schools, language schools, colleges and universities

If you would like further information on any of our programmes and services, including timetables, please do get in touch.

Guardianship

In the UK, good schools require that overseas students have a guardian based in the UK, someone that can be on hand 24 hours a day, seven days a week to offer parental, logistical and emergency support.

UK2Learn Guardianship is accredited by AEGIS.

"UK2Learn is a family business, which provides a highly personal service to students and their parents, and which is valued equally by parents, students and schools. It combines efficiency and high levels of care extremely well."
